**Written Assignments.....80**

**Answer Key.....82**

## Manual Instructions

The purpose of this guide is to assist instructors using *Hardwiring Excellence: Purpose, Worthwhile Work, and Making a Difference*, along with the accompanying PowerPoint slides.

### PowerPoint Files

There is a PowerPoint presentation for each chapter and the introduction. Each presentation contains material from the text including:

1. Titles and headings in each chapter
2. Chapter objectives
3. Introduction
4. Quotes for reflection
5. Key questions
6. Discussion topics
7. Conclusion

### Instruction Manual

The instruction manual is available for instructors to provide additional resources for classroom, leadership, continuing education, training, etc. It provides a significant amount of information in which the instructor can use to enhance instruction. Resources include many of the following for each chapter:

- 1. Reading Assignment**  
Provides the instructor with the corresponding pages of the text
- 2. Chapter Overview**  
Provides the instructor with a short summary of the chapter
- 3. Chapter Objectives**  
Provides the instructor with topics the students will learn while completing the chapter
- 4. Key Terms**  
Provides the instructor with a list of the most significant concepts from the chapter
- 5. Suggested Competencies for Advanced Curriculum**  
Provides the instructor with suggested knowledge and skills students must demonstrate in order to have successfully mastered the topic area
- 6. Learning Activities/Classroom Exercises**  
Provides the instructor with activities for the students to demonstrate what they have learned
- 7. Discussion Questions**  
Provides the instructor with additional educational material for students to demonstrate high levels of understanding
- 8. Scenario Analysis**  
Provides the instructor with additional educational material for students to demonstrate high levels of understanding
- 9. Additional Reading Assignments**  
Provides the instructor with additional reading assignments
- 10. Suggested Websites and Articles**  
Provides the instructor with real-world examples of the reading material
- 11. Resources From the Studer Group**  
Provides the instructor with additional resources from the text's publisher and author
- 12. Exam Questions**  
Provides the instructor with true/false, multiple choice, fill-in-the-blank, and essay exam questions
