## Instruction Manual

The Instruction Manual is available for instructors to provide additional resources for classroom, leadership, continuing education, training, etc. It provides a significant amount of information in which the instructor can use to enhance instruction. Resources include many of the following for each chapter:

- 1. Reading Assignment**  
Provides the instructor with the corresponding pages of the text
- 2. Chapter Overview / Major Themes**  
Provides the instructor with a short summary of the chapter
- 3. Suggested Competencies for Advanced Curriculum**  
Provides the instructor with suggested knowledge and skills students must demonstrate in order to have successfully mastered the topic area
- 4. Learning Activities/Classroom Exercises**  
Provides the instructor with activities for the students to demonstrate what they have learned
- 5. Discussion Questions**  
Provides the instructor with additional educational material for students to demonstrate high levels of understanding
- 6. Suggested Websites and Articles**  
Provides the instructor with real-world examples of the reading material
- 7. Resources From the Studer Group**  
Provides the instructor with additional resources from the text's publisher and author
- 8. Exam Questions**  
Provides the instructor with true/false, multiple choice, fill-in-the-blank, and essay exam questions
